RE: Uranium Exploration Permit Application – 30-Hole Project; Request for Additional Information Regarding Procedurally Completeness, dated July 29, 2008.

Powertech (USA) Inc. reviewed the department's letter and has diligently committed efforts to addressing the items for request in order for the department to continue its review and deem Powertech's Uranium Exploration Permit procedurally complete. Attached to this letter are all submitted requests outlined in the department's letter.

Please find attached to this letter the following requested items:

1. *Uranium Exploration Permit Application Form: Referring to the Legal Description on the first page, the Township numbers are wrong. The legal description should read:*  
T6S R1E Section 29 SW/4, Section 30 SE/4, Section 32 NW/4  
T7S R1E Section 2 SW/4, Section 10 NE/4, Section 11 NW/4-SE/4, NE/4-SW/4

*The legal description will need to be corrected on the form.*

Powertech has corrected the legal description on the form included in this submittal.

The form has been notarized and dated with the date notarized. Please find within re-submittal.

2. SDCL 45-6D-7(8) -Blank area in Section 11 has been filled in with appropriate landowner, see attached map within re-submittal. Please see attached mineral rights map for Section 32 included with this submittal. See attached Load Claim Certificates of Location proving MD claims have been replaced with KIM claims.

3. SDCL 45-6D-9 – Please find proof of consultation with the Natural Resource Conservation Service “Seeding Plan and Record” attached to this submittal.
4. SDCL 45D-10 – Please see enclosed map of proposed drilling areas with corrected scale and improvements to features requested.
5. SDCL 45-6D-11 – Will submit after notification by the department that the application is complete before filing the application with the Custer and Gall River County Register of Deeds offices.
6. SDCL 45-6D-16 – Please find proof of consultation with surface landowners; there are no landowner restrictions regarding travel on the properties.
7. Technical Comments Addressed – Please see attached Uranium Exploration Reclamation Plan, third paragraph under item 4.

Powertech will conduct the uranium exploration operation according to the terms and conditions listed on the approved permit.

We look forward to working with you and your colleagues in the South Dakota uranium exploration permitting process. Please contact me regarding any questions or comments you may have about Powertech’s submittal of additional information.

Respectfully yours,

Richard E. Blubaugh
